- No microbial contamination was recorded per quality control procedures
- Fill volumes were verified to meet all specifications.
- The human constituents have tested non-reactive for human Immunodeficiency Virus antibody (HIV), Hepatitis B Surface Antigen (HbsAg) and Hepatitis C Virus antibody (HCV).
- Lot uniformity studies verified that product specifications were met and were maintained vial to vial testing

The above products were manufactured and analyzed in accordance with product specifications and quality control procedures and met all testing requirements.
